

PHT Magnetics counteracts stress by the following mechanisms: normalization of pH (acid-alkaline balance), correction of cellular swelling and edema, and release of molecular oxygen. PHT is a non-invasive, natural treatment for muscle tightness, soreness, acceleration of healing, and homeostasis

- increased circulation oxygenates and delivers nutrients to the horse's body
- supports biological healing including fighting infection
- reduces pain and inflammation
- normalizes acid alkaline balance
- relieves pain and other symptoms
- aids in reducing calcium deposits in circulatory system
- promotes growth of healthy tissue
- removal of lactic acid build up
- Clears metabolically produced toxins out of the body

*Natural, simple, fast, safe, inexpensive

*External, non-invasive

*Free from any adverse side effects.

Copper is an important nutrient that has a significant role in the synthesis of hemoglobin, myelin, body pigment melanin, and collagen. It helps protect the myelin sheath of surrounding nerves. It is also actively involved in the production of elastin in the connective tissue.

Copper is essential in the production of red blood cells, Hemoglobin, and bone matter.

Copper is a vital part of the healing process and ensures better wound healing.

CuHorse™ powered by CuTech® allows copper ions to be placed as close to the skin as possible for effectiveness.

Benefits of CuHorse:

- Helps Relieve Soreness
- Facilitates Recovery
- Odor Resistant
- Fabric Wicks Away Moisture
- Reduces heat and provides cooling

- oxygenation of tissues
- fights infection
- reduces fluid retention
- encourages deep sleep
- supports biological healing
- reduces inflammation
- normalizes acid base balance
- relieves/stops pain and other symptoms
- aids in reducing calcium deposits in circulatory system
- promotes growth of healthy tissue
- Helps Relieve Soreness
- Facilitates Recovery
- Odor Resistant
- Fabric Wicks Away Moisture
- Reduces heat and provides cooling
